

Dear Parents/Guardians

Students who wish to drive cars to school and their parents/guardians are required to read the attached Motor Vehicle Rules and Regulations. Please discuss the importance of complying with these rules with your child. Understand that FSDB is not responsible for any damages to the vehicle or personal injuries that may occur while the vehicle is on campus or during the week or weekend/holiday transportation. I encourage your respective Director of Student Life office if you have any questions.

Please sign the form below and have your son/daughter bring it to the Director of Student Life office. You need to keep the attachments.

Sincerely,

Daniel Hutto
Administrator of Residential Programs

I am giving permission for my child to use his/her vehicle to commute to and from school on weekends. I will notify the DSL office if there are any changes pertaining to my child's driving privilege.

This is to verify that we have read and understand the Motor Vehicle Rules and Regulations.
